

PRIDE INCLUSION PROGRAMS

03/03/2022

2022 AUSTRALIAN LGBTQ INCLUSION AWARDS – COVID-19 SAFETY MEASURES

ACON's Pride Inclusion Programs together with the Hyatt Regency Sydney are committed to hosting a safe event for all those in attendance. We are hopeful that we will be able to host a physical event following the advice from relevant State, Federal and National Medical Authorities with the subsequent measures in place:

- Multiple hand sanitiser stations throughout the venue and upon entry into the room;
- Extensive cleaning including lift buttons, handrails, all tables and surfaces and bathrooms being cleaned throughout the event;
- Opening of internal doors to increase ventilation and reduce overall touchpoints;
- Networking whilst standing is now permitted, however, guests are asked to please be conscious of social distancing;
- Reduced number of attendees in the room;
- Award winners will be asked to reduce the amount of people coming up on stage and will be asked not to shake hands;
- Should any person show signs of being unwell or have a high temperature, they will not be allowed to enter the venue and will be provided details on accessing the nearest hospital. If you are feeling unwell you should stay at home;
- At present wearing a mask will not be mandatory, however, please feel free to do so at your own convenience and comfort.

If restrictions change closer to the day, based on advice from State, Federal and National Medical Authorities ACON's Pride Inclusion Programs may require guests to show a negative COVID-19 test result prior to the event. If this is the case, you will be notified immediately.

In addition, ACON's Pride Inclusion Programs may conduct discreet temperature checks and may require guests to check in.

The health and safety of our attendees is our number one priority. If you are feeling unwell you should stay at home and if you have symptoms of coronavirus (COVID-19), however mild, you should get tested. Together we can stop the spread and protect ourselves and community.
